**FR:** Aaron Coalwell; SCCA Pro Racing Technical Manager / (678) 388 – 9876 / acoalwell@sccapro.com  
**DT:** October 9, 2007  
**RE:** WCPB # 14 – 2007: Toyo R888 Tire test at Miller Motorsports Park.

## **Cancellation of Toyo Tire test:**

The October 24<sup>th</sup> tire test at Miller Motorsports Park has been cancelled due to scheduling conflicts. Currently we are not planning on scheduling another test at this time. This test was to allow teams time to interact with Toyo engineers and try out the new R888.

Toyo is going to provide help and information to teams by providing access to Toyo engineers.

For 2008 all World Challenge events will be run on the R888. We at SCCA Pro Racing look forward to continuing our close relationship with Toyo Tire USA and the great products and support they provide to our competitors.

The tire has been on sale here in the United States for several months and is getting great reviews. Toyo is working hard to compile all their engineering data to help teams with the transition to the new tire and will be distributed to all teams soon through SCCA. For questions and information beyond this please contact Hideki Ueha at [UehaH@ToyoTires.com](mailto:UehaH@ToyoTires.com).
